VWS ACCESSIBLE TUITION PROGRAM

*The healthy social life is found
When in the mirror of each human soul
The whole community finds its reflection,
And when in the community
The virtue of each one is living.*

Rudolf Steiner

Economic advantage should not, although it often does, determine the exercise of human potential. This is not only unfair it is counter to the common good. The purpose of the Accessible Tuition (tuition adjustment) Program in our school is to make Waldorf Education accessible to as many families as possible, balancing the financial health of the school with the recognition that economic obstacles to the free development of individual ability cause in some measure a loss to us all. We balance this ideal with a practical vision of our school's finances.

Ideally, very family would have a picture of the financial life of the school, and as a member of the community, make a realistic and effective contribution based on their own circumstances. The sum of these contributions would comprise that which the school needs to function. As we work together to accommodate our needs, we hope to acknowledge that the spiritual forces which shape our social evolution are currently at work in our approach to tuition.

The VWS Accessible Tuition Program does not lessen our strong sense of fiscal responsibility. In fact, adjusted tuition contributions are an essential portion of our income. Our Accessible Tuition Program is not a subsidy or a charitable act, but a conscious enrichment of our community, expanding the scope of our collective resources.
