

... with your contribution to the 2011 VWS Annual Giving Campaign!

In operating an independent school, there is always a gap between what tuition and grants provide and the cost of delivering quality programs. Each year your gift helps sustain the Waldorf curriculum, upgrade our facilities, and allows us to grow and expand. Annual Giving donations also help us continue to make Waldorf education available to children from diverse economic backgrounds.

We ask you to participate at any level you can; every contribution makes a profound difference in ensuring the financial health of our school. A high participation rate from our community (85% or higher) is also very important since major donors and philanthropic organizations will look for consistent support from the school community as part of their criteria for contributing funds. This is crucial as we move toward a capital campaign to fund a new school.

Please invite friends and extended family to contribute and make a difference for our school. We also welcome matching gifts from your company, employer, or professional affiliations.
