Marilyn will lead us each morning with “Par Play” — movement exercises to open new brain pathways in order to overcome old habits in our movement, thought and soul life. We will continue with exercises to warm up the voice. After a coffee break we will sing. Through a variety of singing activities and summer-oriented repertoire, we can gain skills to enhance our unison sound and harmony experience. After lunch we will continue the morning work and sing songs with movement as well as sing a variety of harmonies together. This schedule is subject to change. If there is interest we can share some of our work with the congregation on the Sunday.

Marilyn Lange has an ARCT from the Royal Conservatory in Toronto and she has trained as a Waldorf music teacher at Sunbridge College in NY.
